COMPANY PROFILE

Delta Marine Services Limited is a marine consultancy and surveying firm, offering liquid and dry cargo consultancy services primarily to ship owners, P & I clubs, underwriters, lawyers, loss adjusters, risk assessment and safety consulting services.

The Company's services are in two major aspects - cargo and marine. From general cargo surveys to perform investigation on marine casualties, damage to hull and machinery of ocean-going vessels, motor launches, pleasure crafts, barges and cargoes of all varieties, transit and mysterious losses and fraudulent claims, cargo claims adjustment and settlement of cargo and liability claims in accordance with instructions from insurers, marine insurance claims settlement and recoveries, investigation on body injury, fatal accidents and third party liability claims.

All Delta Marine surveyors/consultants have extensive experience and knowledge in the cargo & marine surveying field, our personnel are qualified to provide clients with professional expert service. We do pride ourselves in being youthful and progressive in our outlook particularly when it comes to serving and respecting the client. The Company, together with its team of surveyors, with their own individual experiences, promulgates the importance of always putting client needs first. We are confident that our service reflects this philosophy especially in our impartial, independent and unbiased reporting.

“With an ever-increasing emphasis on training, safety, customer relations and quality control, the Company's commitment to quality remains and ongoing process as we continually strive to improve our services to suit our clients' individual requirements.”
